CSE213 Project Checklist

(indicate yes/no on which of the following are included in your project)

1		
	Project elements	Included (Yes / No)
2	Label, TextField	Yes
_	TextArea	Yes
3	CheckBox without event handling	No
4	CheckBox WITH event handling	Yes
	RadioButton with ToggleGroup	No
	ComboBox without event handling	No
	ComboBox WITH event handling	Yes
	Preparing your scenes with proper background chores by writing initialize method	yes
	MenuBar, Menu & MenuItem with event handling on menu items Which of the Layouts are used?	no
10	- AnchorPane layout	yes
	- BorderPane layout	no
	- Grid layout	no
	- VBox layout	no
	- HBox layout	no
	- Nested Layout	no
11	FileChooser:	no
	- To open a file	
	- To save a file	no
12	- To apply extension filter	no
12	Use of File: - Did you use Text file using CHARACTER stream? If yes answer the following:	no
-	Did you use Text file using CHARACTER stream? If yes answer the following: Written content to text file using character stream?	110
\dashv	- Appended content to text file using character stream?	
	- Read content from text file using character stream?	
	- Did you use Text file using DATA stream? If yes answer the following:	no
	- Written content to binary file using data stream?	
	- Appended content to binary file using data stream?	
	- Read content from binary file using data stream?	
	- Did you use Text file using OBJECT stream? If yes answer the following:	yes
	- Written content to binary file using object stream?	yes
	- Appended content to binary file using object stream?	yes
12	- Read content from binary file using object stream?	yes
13	Use of TableView with column configuration in some method	yes
	- Populating table from file - Populating table from user input	yes
		no
		no
	Loading the Parent of a second FXML file to a sub-region of the current scene as a sub-scene	no
	Loading the Parent of a second FXML file on the same Stage	yes
	Loading the Parent of a FXML file on a new Stage	no
	Passing data from one Scene to Another	yes
18	Charts	
	- Is there any BAR chart in your project? If yes, answer the following:	no
	- Is there any event associated with your bar chart?	
	- Did you get data set of your bar chart from user input?	
	- Did you retrived data set of your bar chart from file(s)?	
	- Is there any PIE chart in your project? If yes, answer the following:	no
	 Is there any event associated with your pie chart? 	1
	- Did you get data set of your pie chart from user input?	
	 Did you get data set of your pie chart from user input? Did you retrived data set of your pie chart from file(s)? 	
	Did you get data set of your pie smart from decimpat.	no
	- Did you retrived data set of your pie chart from file(s)?	no
	Did you retrived data set of your pie chart from file(s)? Is there any LINE chart in your project? If yes, answer the following:	no
	Did you retrived data set of your pie chart from file(s)? Is there any LINE chart in your project? If yes, answer the following: Is there any event associated with your line chart?	no
	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input?	
	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following:	yes
	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text?	yes no
	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement?	yes no yes
19	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement?	yes no yes
19	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement? If PDF is generated, which of the following are included in your PDF	yes no yes
19	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement? If PDF is generated, which of the following are included in your PDF - Text without any formatting	yes no yes
19	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement? If PDF is generated, which of the following are included in your PDF - Text without any formatting - Text WITH formatting	yes no yes
19	- Did you retrived data set of your pie chart from file(s)? - Is there any LINE chart in your project? If yes, answer the following: - Is there any event associated with your line chart? - Did you get data set of your line chart from user input? - Did you retrived data set of your line chart from file(s)? Did you generate REPORTS by pulling data from multiple array lists and/or files, based on search/filter parameters, and the formatted Report is finally shown on a scene? If yes answer the following: - Does one/more of your reports contain dynamically generated content as text? - Does one/more of your reports contain any table, where cell values are generated as part of report requirement? - Does one/more of your reports contain any chart where data set of the chart is generated as part of report requirement? If PDF is generated, which of the following are included in your PDF - Text without any formatting	yes no yes
